

BRS OFFROAD

About Us

At BRS Offroad, we don't just build campers—we engineer freedom.

Born and bred in Australia and now proudly manufactured in the United States, we design premium off-road camper trailers built for those who demand more from their adventures. The Sherpa Gen 3, represents the evolution of rugged capability and refined comfort—crafted to conquer extreme terrain while providing an elevated camping experience.

Every detail of the Sherpa is designed with purpose—from its heated sleeping cabin and intelligent power systems to its full-featured kitchen and world-class suspension. Whether you're navigating rocky trails or setting up camp miles from

the nearest road, the Sherpa gives you the confidence and capability to go further, stay longer, and experience more.

With a commitment to innovation, quality, and durability, BRS Offroad continues to push the boundaries of what's possible in off-grid exploration. We believe the journey should be just as rewarding as the destination—and that your gear should never hold you back.

Wherever your path leads, BRS Offroad is built to take you there.

Why Sherpa

The Sherpa Gen 3 isn't just a camper—it's your gateway to total freedom.

Engineered and designed for unmatched performance, the Sherpa redefines what's possible in off-road travel. Whether you're exploring deep backcountry trails, setting up basecamp for the weekend, or embarking on a cross-country journey, the Sherpa delivers everything you need—and nothing you don't.

Its compact footprint and intelligent layout make it nimble, efficient, and easy to tow, while premium features like a diesel heated and 12-volt air-conditioned sleeping cabin, lithium battery system, and intuitive kitchen setup provide comfort in the most remote locations. No complex setup. Just park, deploy, and relax.

With the Sherpa, you're not limited by roads—or routines. Every element is purpose-built to support life off the grid, from the independent suspension to solar power integration and water systems. It's lightweight, durable, and ready to go wherever your ambition takes you.

This is not your average trailer. This is Sherpa. And it's built for the bold.

Features of the Gen 3 Sherpa

Terraform Independent Air Suspension by BRS offroad

Introducing the Terraform Suspension: Where Terrain Meets Technology.

Forged to dominate the harshest conditions, this system delivers an unmatched off-road experience, specifically tailored for the BRS camper range. Its dedicated mounting system becomes one with the innovative aluminum unibody. Experience the future of off-road control with automatic ride height functions powered by Garmin. Our integrated air system offers three distinct ride height presets at your fingertips, eliminating the hassle of manual airbag adjustments. Combined with the superior damping of Bilstein shocks and the ruggedness of Firestone airbags, the Terraform suspension effortlessly smooths out the roughest paths and makes campsite leveling a swift, simple process with the integrated ARB air system. The Gen 3 Sherpa paired with Terraform commands superior agility, exceptional towing performance, and impressive ground clearance, transforming it into one of the most capable and confidence-inspiring off-road campers available.

All-Weather Off-Grid Heating System

Unlock Year-Round Exploration with Advanced Thermal Engineering.

The Sherpa Gen 3 is meticulously designed for all-season adventures, featuring a sophisticated, off-grid diesel heating and hot water system built to perform where others falter. Its intelligent thermal management system utilizes dual matrix heaters, a high-capacity glycol reservoir, and strategically integrated heated glycol lines within the chassis, ensuring your water systems remain flawlessly operational even in sub-arctic conditions. A convenient 110-volt heating element offers supplemental warmth when connected to shore power. Embrace the freedom of year-round travel, knowing the Sherpa Gen 3 delivers unparalleled cold-weather comfort, making it a leader in its class for extreme temperature capability.

Full-Featured Kitchen

Unleash Your Inner Chef, Anywhere.

Reimagine campsite cooking with the Sherpa's meticulously crafted kitchen, a culinary command center that transforms the very essence of outdoor living. From the simple luxury of hot and cold water to the convenience of a slide-out sink and a dual-burner Dometic cooktop, every detail is designed for seamless meal preparation. Generous countertop space invites culinary creativity, while dual Isotherm drawer fridge freezers ensure ample chilled storage for extended adventures. Thoughtful, dedicated storage solutions keep everything organized and within reach. Built for the demands of the wild, setup is lightning-fast and intuitive: arrive, slide out, and ignite your outdoor culinary passion. Whether it's a dawn coffee ritual, a starlit gourmet feast, or keeping provisions fresh for days off the grid, the Sherpa kitchen empowers your culinary freedom. Forge a mobile basecamp where rugged capability meets exceptional functionality, allowing you to venture further, explore deeper, and savor every moment on your own terms. This isn't just camping; it's off-grid living, exquisitely refined.

Shade and Shower

Command Your Campsite, Whatever the Weather.

When the elements turn challenging, the Sherpa Gen 3 transforms your outdoor space into a haven of comfort and convenience. Effortlessly extend your shaded sanctuary with the impressive 270XT Max awning from The Bush Company, creating ample protected space when skies darken or the sun blazes. And for a private and refreshing escape, deploy the ingenious Joolca Double Shower Cube – turning daily hygiene into a simple pleasure, no matter how remote your location. The Sherpa Gen 3 ensures that even the most fundamental aspects of off-grid living are handled with ease and sophistication.

Sleeping Quarters

Your Sanctuary Awaits: Unwind in Unrivalled Comfort.

After conquering epic trails, discover the blissful retreat of your Sherpa cabin. A full-size queen bed, always ready without setup, anchors a cozy haven brimming with premium finishes that redefine adventure's end. Immerse yourself in a symphony of sound with a Garmin-powered audio experience, seamlessly integrated with Fusion Audio and punchy Kicker speakers, delivering a sonic landscape unlike any other camper. Sink into relaxation against the luxuriously upholstered backrests and indulge in a cinematic escape on your 24" smart TV. Long journeys are welcomed with intelligently designed, dedicated storage compartments that swallow luggage with ease. Explore endlessly, knowing your Sherpa provides a sanctuary of comfort and entertainment, elevating every adventure to a new level of indulgence.

Garmin System: Smart Control at Your Fingertips

Introducing Serv: Your Intelligent Off-Grid Command Center.

The Sherpa Gen 3 features a fully integrated Garmin control system- the Serv, that brings advanced monitoring and management to your off-grid experience. This intuitive touchscreen interface lets you easily track and control essential functions, digital switching and information at hand.

Designed for reliability in rugged environments, the Garmin system ensures you're always in command of your camper's performance. Whether you're adjusting systems from inside the cabin or checking diagnostics from outside, it gives you real-time visibility and effortless control.

An expandable platform that allows the traveler to control and monitor systems with the RV controls smartphone APP.

No more guesswork or complicated switches—the Garmin platform simplifies operation and keeps you informed at every step. With smart technology integrated into your journey, the Sherpa becomes more than a camper—it becomes a connected, intelligent platform for confident exploration.

Experience the Ultimate Off-Grid Freedom with the Sherpa Gen 3—Engineered for Adventure, Powered by Innovation, and Built to Take You Wherever Roads End and Trails begin.

Ready to break free from the ordinary and explore without limits? The Sherpa Gen 3 is your ticket to true off-grid adventure—built tough, loaded with smart features, and designed to keep you comfortable no matter how far you roam. From rugged trails to remote campsites, Sherpa delivers the freedom, capability, and confidence you need to go further and stay longer. Don't settle for less—elevate your journey with BRS Offroad. Your next adventure starts now.

- ✓ Insulated and hood lined Fiberglass front hatch lid
- ✓ Insulated and hood lined Fiberglass rear hatch lid
- ✓ Powder coated Marine grade Aluminium Body; Powder coated aluminium components
- ✓ 150 x 100 x 6 fully integrated aluminium chassis beam and cross members. Aluminium chassis and aluminium body is a 1 piece unibody. All powder coated.
- ✓ 2 tonne GTM capacity Proprietary BRS offroad independent suspension with Firestone airbags and Bilstein Shocks and auto ride height functions and leveling
- ✓ 12" electric drum brakes Dexter with internal greaseable bearings
- ✓ 3 x Nitto Ridge Grappler 285/75 r17 on 17 x 8 KMC alloy wheels – LC6 stud pattern (139.7 PCD)
- ✓ Side mounted Spare wheel for easy access (can fit up to 35's)
- ✓ DO35 Cruisemaster coupler with intergraded park brake system
- ✓ Integrated aluminium stone deflector
- ✓ 2 x ROTOPAX holders (double ups)
- ✓ Electronic remote access fibre glass doors with honeycomb core and operatable acrylic windows with midge fly screens and blinds
- ✓ Internal cupboard storage
- ✓ 5 x pocket storage holes behind back rests
- ✓ Automotive Leather upholstered back rests 2" foam
- ✓ 150mm foam queen mattress
- ✓ Marine grade hood lining ceiling
- ✓ Marine grade hood lining walls
- ✓ Jockey Wheel Ark750
- ✓ 2 x pull out entry step ladders
- ✓ 2 x aluminium operatable port windows
- ✓ 10Ltr aluminium diesel tank with Sender
- ✓ 140Ltr rotor moulded Poly water tank with sender
- ✓ Joolca double shower cube
- ✓ The bush company 270XT max awning
- ✓ ARB compressor and tank ARB coupler outlet
- ✓ Smartride ride height sensors
- ✓ Enerdrive (Kisae) 40amp DC-DC charger
- ✓ Enerdrive (Kisae) 40amp AC charger
- ✓ Battleborn Lithium battery 270 AMP (optional additional 270 AMP lithium battery)
- ✓ Fixed flush mount Dometic Dual burner gas cooker
- ✓ 2 x Sirocco 12-volt fans
- ✓ Garmin digital switching (connect50)
- ✓ Pair with the Garmin 7" serv touchscreen
- ✓ Proprietary digital mapping and programming
- ✓ Fusion Hideaway Marine Entertainment System
- ✓ 4 x 5 ½" Kicker interior speakers
- ✓ 23.6" HD Smart TV
- ✓ Omnidirectional TV antenna
- ✓ Radio antenna
- ✓ 1 x 300mm kitchen light Amber/white
- ✓ 1 x 300mm external Amber/white awning lights
- ✓ 2 x Dimmable strip internal lights
- ✓ 2 x Double 2.4amp USB chargers
- ✓ 2 x 12volt outlets
- ✓ 2 x Isotherm 30ltr drawer fridge/freezer
- ✓ Eberspacher diesel hot water heater / space heater combi with multizone heating, 6 ltr Glycol storage capacity with integrated chassis heating preventing pipes from freezing
- ✓ Hot and cold mixer tap at kitchen with flexi hose
- ✓ Hot and cold mixer at front for shower with flexi hose
- ✓ ABS moulded sink
- ✓ ABS moulded storage nooks
- ✓ ABS moulded internal door panels with storage pockets
- ✓ 2 x 4kg Gas bottles
